DETAILED ACTION

This Office Action is in response to the supplemental oath/declaration filed September 22, 2010.

Reissue Applications

1. The reissue oath/declaration filed with this application is defective because the new supplemental reissue declaration/oath filed 9/22/10 does not cure the defect of the declaration/oath filed in 4/3/09. The newly filed oath/declaration fails to identify at least one error which is relied upon to support the reissue application, since the error pointed out in the supplemental reissue oath/declaration filed 9/20/10 is directed to a canceled claim. Additionally, the supplemental reissue oath/declaration filed 9/20/10 does not identify by reference to the specific patent claim(s) and specific claim language wherein the error lies and the attached supplemental priority data sheet is missing (which listed foreign priority).
2. See 37 CFR 1.175(a)(1) and MPEP § 1414.
3. Claims 1-11, 20-27, and 34-37 are rejected as being based upon a defective reissue Declaration under 35 U.S.C. 251 as set forth above. See 37 CFR 1.175.

The nature of the defect(s) in the declaration is set forth in the discussion above in this Office action.

Response to Arguments

4. Applicant's arguments filed 9/22/10 have been fully considered but they are not persuasive. Applicant remarks the supplemental declaration filed 9/22/10 cures the defects of the declaration filed 4/3/09. In response, the Examiner argues the newly filed supplemental declaration fails to cure the identified defects indicated in the Office Action filed 3/22/10. (See rejection above).

Conclusion

5. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
